that before the budget gets up here, so that we can discuss these things intelligently. Will you do that?

SENATOR MARVEL: Yes.

SENATOR CARPENTER: Thank you.

PRESIDENT: Senator Carpenter, the Chair would like to advise you if you look further under that lobbying section that Section 5315 does refer to the committee on committees of the legislature may at any time issue an order to any lobbyist to show cause, and so forth, that's interesting if you want to take a look at that.

SENATOR CARPENTER: Well let me ask the committee on committees, do you ever issue such an order? Do you ever issue such an order to permit lobbying in a sense that we have been discussing it? --

PRESIDENT: Just a second, before Senator Whitney answers, we may have a mood question, I'm sorry, it says that to show cause why his registration should not be cancelled on account of any corrupt practice, but in this instance apparently we have someone who is not registered.

SENATOR CARPENTER: Thank you very much.

PRESIDENT: But it does refer it to the committee on committees, thank you. Senator Goodrich, did you want to be heard on this issue someplace?

SENATOR GOODRICH: Yes, Mr. President, members of the body. The gentleman to whom Senator Carpenter refers to my knowledge is responding to inquiries made of me from me, and one or two other Senators that I have been in contact with over the last couple of weeks. I see absolutely nothing wrong with the any state employee, responding to the answers with information from questions to Senators, and it is for that purpose that I rise in defense of Dr. Todd, who is being referred to by Senator Carpenter. I don't care whether it is Doctor Todd, whether it is Mr. Graham who we called over here the other day, yesterday, or any other state employee, Department head, or not, if we need information, and we request it of them, Senator Carpenter himself would be the first one to blast them if they didn't respond with the information, and as far as I know, this is all that has taken place on the part of Dr. Todd. He was responding to a request for information from myself, and one or two other Senators.

PRESIDENT: Well, Senator Carpenter, stand by, Senator Cal Carsten asked to be recognized next, then we have Senator Stahmer, maybe Whitney.

SENATOR CARSTEN: Mr. President, and members of the legislature, I rise to support the remarks that Senator Goodrich has just made, and also to the best of my knowledge, and purely upon our inquiries from Senators, and by no direction of the state board, the Governor, or from the Presidents of the Colleges, has Dr. Todd made any overtures towards us, only upon our request for specific information, we have asked him to set in with us for statistical answers, and this type of discussion, and I believe that at least in my mind, that this is our prerogative and our responsibility, if you please, to find answers as near as we can assume or those who we ask to assume, to give us those correct answers. I rise to defend the Director of our State Colleges, because it was in this area alone that he responded, and we made it perfectly clear yesterday, when we appeared before the appropriations committee that it was upon our request and upon our insistence that Dr. Todd accompany us to aid us in some answers that needed to be given. Thank you.
